

## Introduction

Narration	Screen
<p>Welcome to TM for technical writers!</p> <p>My name is Maria, and I will be your <b>trainer</b> for this course, as we take a look at the translation workflow, and at how you as a technical writer can make the most of the Trados Studio Translation memory tool, reduce your translation costs, and make a real difference to translation quality.</p>	
<p>Navigating this course couldn't be easier. To find out how, click the speech bubbles.</p> <ul style="list-style-type: none"> <li>To move between screens, use the Back and Next buttons.</li> <li>To control playback of course content, use the Play/Pause button</li> <li>Each lesson includes navigation buttons that allow you to open the lesson overview, lesson content, lesson summary, and lesson quiz screens.</li> <li>And you can also print a transcript of the current <b>lesson</b> using the Print button.</li> <li>Once you have completed all the lessons in a module, you can Get Certified.</li> <li>You can return to <i>this</i> introduction at any time by clicking the Introduction tab.</li> <li>And for more <i>great</i> writing and translation resources, go to Learn More.</li> </ul> <p>So, let's get started! To access the modules in this course, go to the Start Course tab.</p>	

**Kommentiert [M1]:** Rerecord!

Change to "instructor on" --- to match text on certificates!

**Kommentiert [M2]:** Change to current content!

**Kommentiert [M3]:** Fix in recording.
